

Name: Darren's Penny Walk

Object of the Game: Adventure to discover new and different places in San Francisco.

Directions: Two people go on a walk outside the hostel and each have a penny. At each intersection or place where a turn can be made, each person flips their coin. The subsequent direction of travel is determined by the following table:

Both Coins Heads: Turn Left

Both Coins Tails: Turn Right

One Heads/One Tails : Go Straight

Anything Unusual (i.e. Coin dropped): Go Straight

Note: Do not go into unsafe neighborhoods playing this game. If the neighborhood starts to turn rough, turn around and go back. Always, play with a friend.
